Hello!

We're Jacquelyn and Louis. We started Embroidery in 2020 to share all sorts of stichy goodness in one place. Whether you're looking for [patterns](#) or you need to keep track of what [floss](#) you have, we've got you covered.

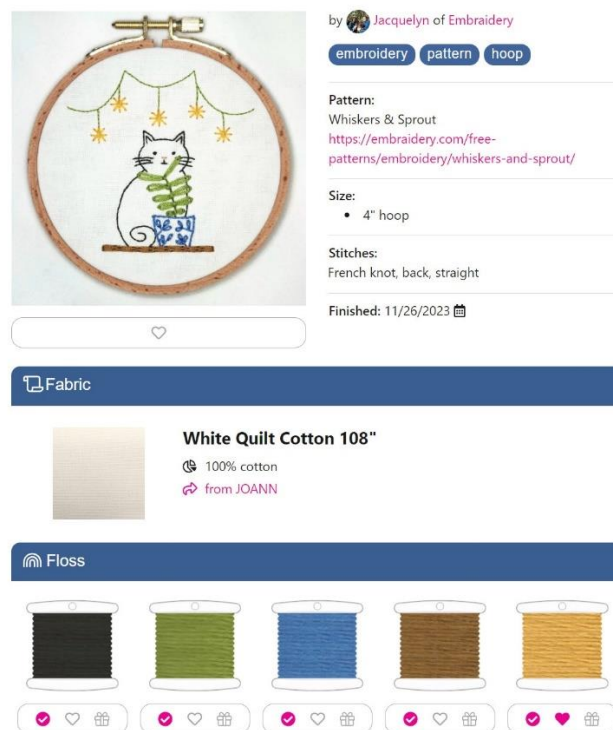

Here are some of the things Embroidery can help you with:

- Save [project](#) details like the pattern, floss, and stitches you're using.
- Keep track of what kind of [fabric](#) you're stitching on.
- Mark which [floss](#) you already have and what's on your wishlist.
- Save floss [palettes](#) of your favorite color combos or [generate](#) one from an image.
- Get [free patterns](#)!

When you save your projects on Embroidery, you create an organized portfolio of your needlework. [Here's mine.](#)
